No pet shall be allowed to create a nuisance or disturbance. If a violation of the rules and regulations is observed by an owner/tenant, they should report the violation to the property manager as soon as possible for resolution of the problem. If the problem is not resolved, the pet must be permanently removed from the property upon ten (10) days' written notice from the Board of Directors.
5. If a violation such as a barking dog occurs at night, the police should be called just as with any other nuisance or disturbance. The following day, the property manager should be informed.
